The 12-5, 5-9 and 9-close play times shown on this chart are used by the majority of the lounges. However, a few lounges swap their DJ's at other times. A couple even change when play times are on different days of the week. So, if a lounge is not using the exact play times listed on this chart, their DJ's are listed in the spot corresponding closest to the actual time their DJ's play, and in the order they play.
