The 12-5, 5-9 and 9-close DJ play times shown on this chart are used by the majority of the lounges. However, a few lounges swap their DJ's at other times. Some lounges even vary the times they swap DJ's on different days of the week. So, if a lounge is not using the exact play times listed on this chart, their DJ's are listed in the spot corresponding closest to the actual time their DJ's play. They are also listed in the order they play.

This schedule was created using data supplied by the lounges listed. Enjoy it and feel free to use it or share unedited copies with your friends.

If you have a smart phone, you can get this chart on www.GoShagging.com and refer to it easily without having a paper copy!
